San Diego Veterinary Dental Training Center 2011

March 5-6 or August 13-14 (Level 1 only)

June 11-12 (Level 1 and 2) (you can attend some of each)

SDVDTC is an intensive training facility offering hands on wetlabs in veterinary dentistry. We offer dental training sessions for veterinarians, technicians, and assistants. Wetlabs are four full hours and have a maximum enrollment of 24 people, providing an excellent instructor to attendee ratio. Included with your enrollment is a complete syllabus of printed handouts as well as breakfast and lunch served daily.

The teaching facility is convenient to the San Diego airport (less than 10 miles) and numerous hotel options. San Diego is the ideal location for our national training center. With a desirable climate year round and the many popular tourist destinations such as Sea World, San Diego Zoo and Wild Animal Park make San Diego an ideal location for combining continuing education with a vacation. For more information, please visit www.vetdentaltraining.com, call (858) 279-2108, or e-mail Dawn Sabatino at Dentaldawn@gmail.com.

Registration form: Please fill out one form per attendee!
